Contract Documents

Updated on Dec 16, 2025

Focus Listen

The **Contract Documents** option available on the Contract Request details page redirects you to the Contract Documents page where you can view the latest version of the contract documents and upload the documents as well.

On the Contract Documents page, you can perform the following actions:

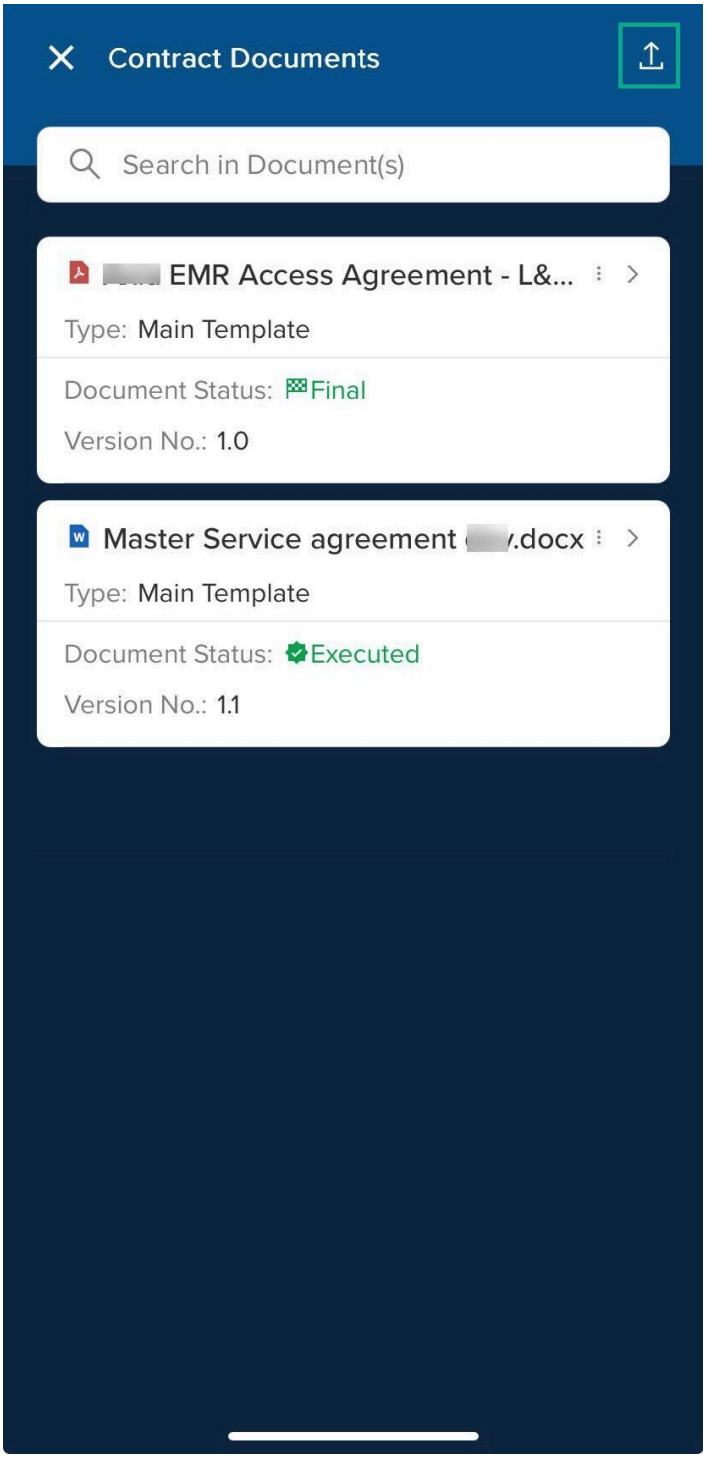

- Search a document from the list by entering the document name in the Search box
- View the latest version of the document by clicking the document name and document will open in the document viewer
- Upload the documents
- Download the documents

- Edit the document status

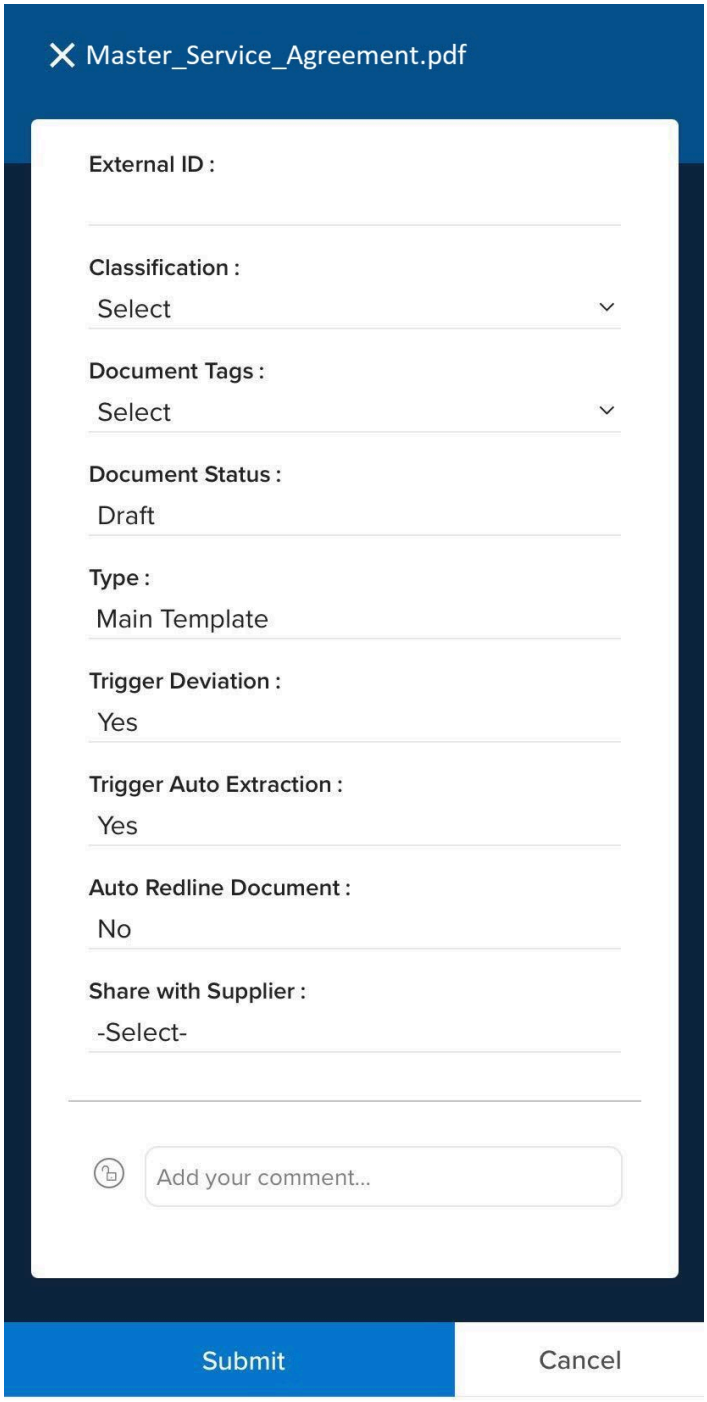

Upload a Document

Perform the following steps to upload a document:

1. Click the upload ( ) icon and select the document to upload.

2. Update the required document properties.

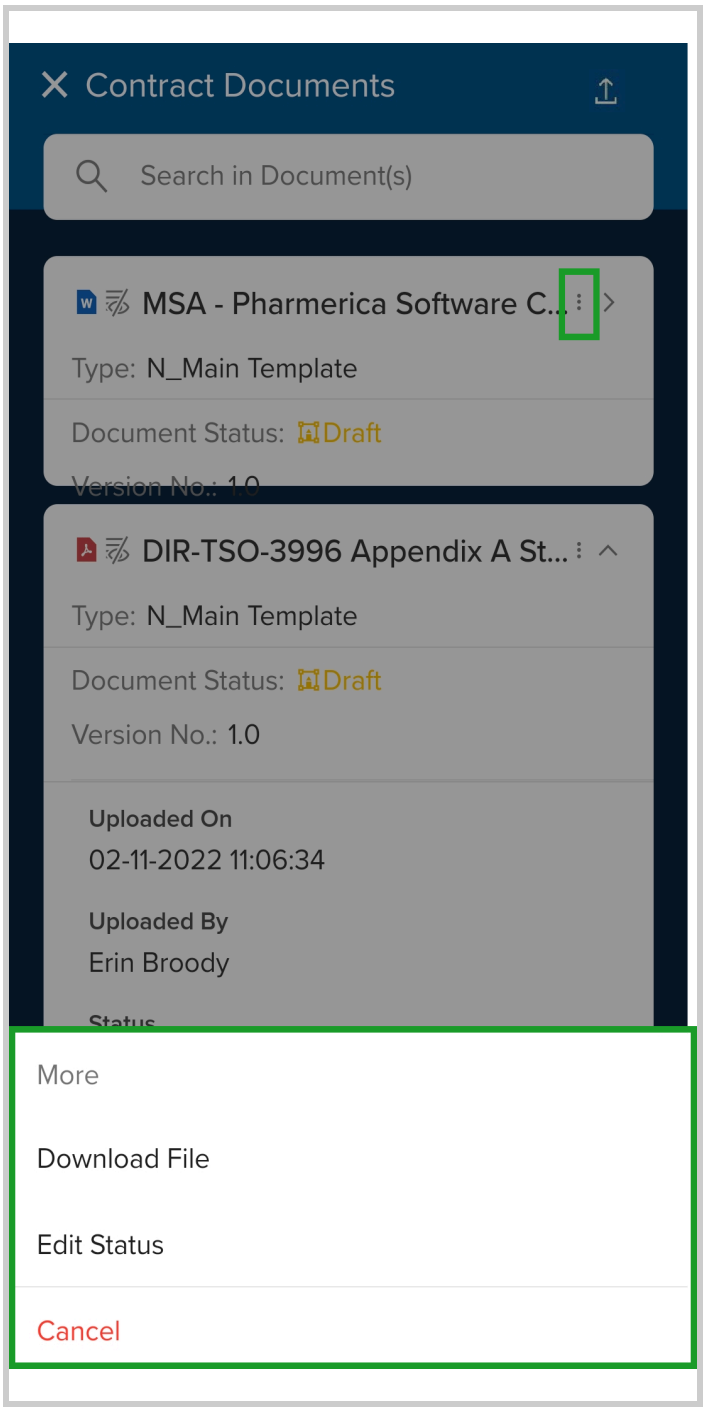

3. Click **Submit**. The uploaded document will be added to the Contract Documents list.

> The uploaded documents can be viewed in the Contract Request via the document viewer; however, they cannot be viewed on the Contract entity.

Download Documents

Perform the following steps to edit the status of the documents for Contract Request Entity:

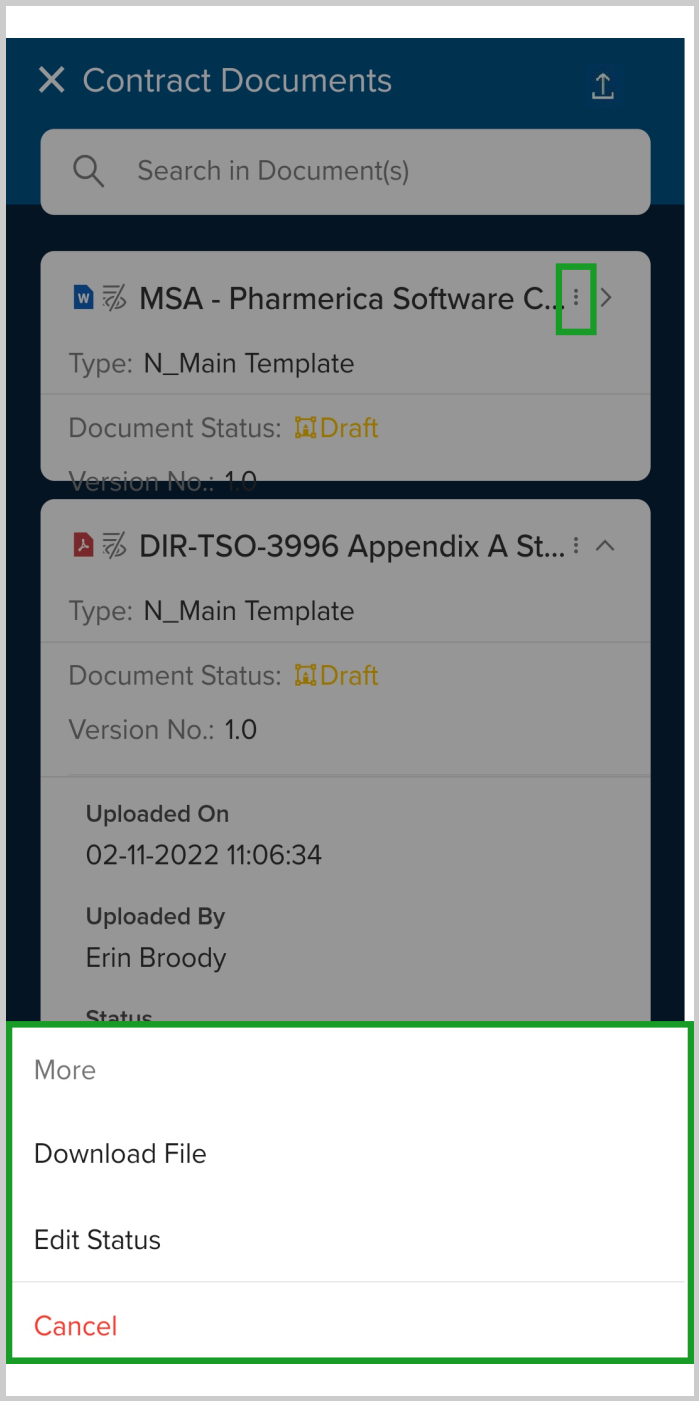

1. Click the **More** (⋮) icon for the document you want to download. The More page appears.
2. Click the **Download File** option. The document will be downloaded to your mobile storage.

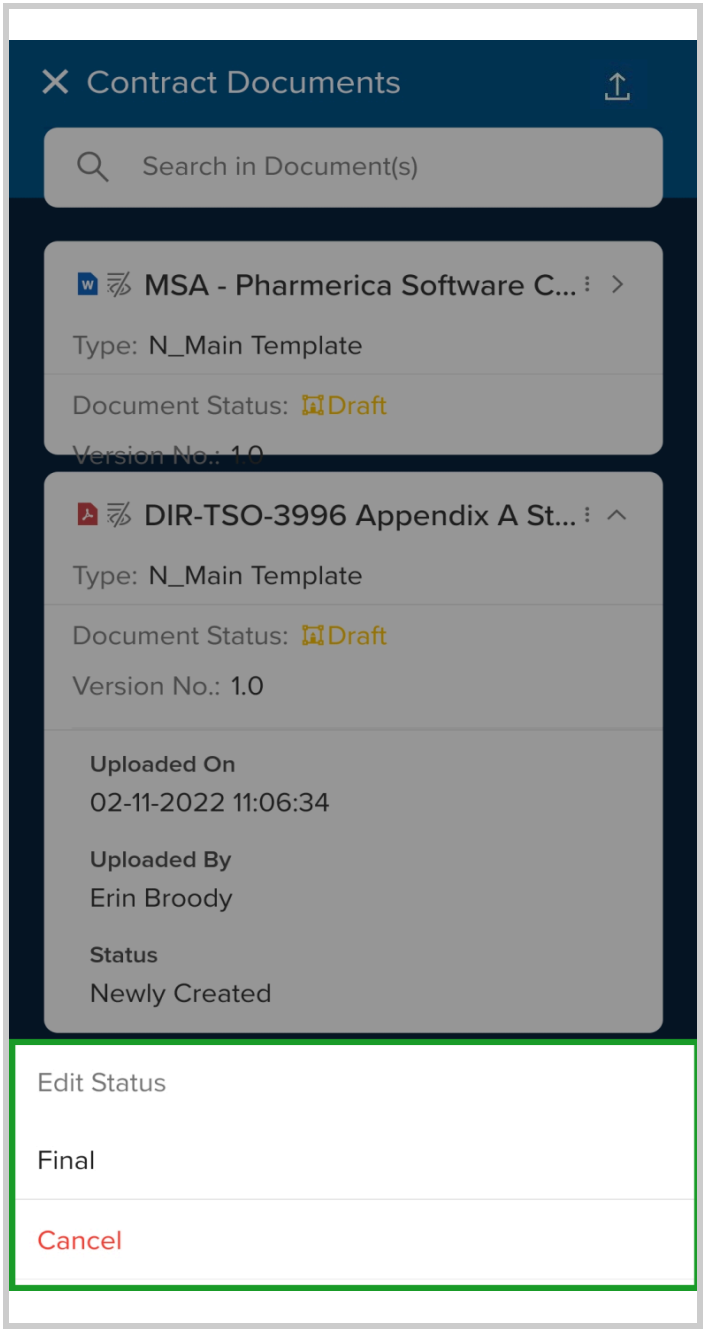

Edit Status of Documents

Perform the following steps to edit the status of the documents for Contract Request Entity:

1. Click the **More** (⋮) icon available under the “Contract Documents” section. The More page appears.
2. Click the **Edit Status** option. The Edit Status page appears.

3. Click the status option to update the existing status of the document. A notification appears.
